

Supercharge your workflows with CARS Business.

Corporate Registry innovation allowing FCSPs in The Bahamas to deliver world-class client service, securely and efficiently.

BE IN THE DRIVER'S SEAT —

Unlock your team's full potential ...

CARS Business is a powerful corporate management solution, designed to work hand-in-hand with the CARS platform. Tailored specifically for FCSPs, it simplifies the complex task of managing client information—such as entity structure, incorporations, directors and officers, shares, and compliance — **while providing real-time tracking and control of filings.**

Puts data ownership where it belongs - with you.

Designed with privacy and security at its core, CARS Business ensures you maintain full control of your private data at every step.

Seamless data management, maximum efficiency.

Full control with a single source of truth, centralizing contact and entity data so updates are made once, reflected everywhere, and managed effortlessly for greater accuracy and efficiency.

Secure, efficient, compliance-aware workflows

Smart[®] automated validations, batch filings, compliance alerts, encrypted document delivery, and integrated authentication, minimizing errors, meeting regulatory standards, and enhancing operational speed.

Ready to take the next step with CARS Business?

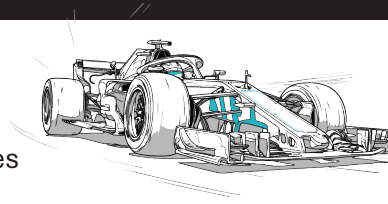

Unlock the full potential of your organization with CARS Business. Experience how our business features can supercharge your performance and productivity.

CORE FEATURES

All the core capabilities of CARS, enhanced with advanced productivity and data management features designed specifically for agents and FCSPs:

BATCH FILINGS

FCSPs can manage annual filings in batches. CARS Business allows for the secure submission of annual statements and declarations for their entities in one or more batches—rather than one entity at a time.

SATELLITE OFFICE CONNECT

FCSPs can manage client requests seamlessly from start to finish. Leveraging the FCSP team in their Satellite Offices, tasks can be shared while the head office maintains client service governance.

BULK PAYMENTS

FCSPs can pay annual fee payments for all their entities in a single, seamless transaction.

DEDICATED HELPDESK

Our dedicated support team is here to provide you with personalized assistance when you need it.

CONTACTS PLUS

Maintain a single contact profile and link it to multiple entities, update once, view everywhere. Avoid re-entering details and get a consolidated view of each contact's roles across all associated entities.

ENTITY MANAGEMENT

This FCSP-controlled Entity Management feature allows you to create and store any information you need to manage your entities. Save documents, associate a director with an entity and update entity information all from within the system.

BUSINESS INTELLIGENCE REPORTING (BUSINESS +)

FCSPs can access comprehensive BI reporting, enabling real-time insights and data-driven decision-making.

COMMUNITY

Let's Grow Together

Engage with your colleagues through interactive surveys that inform ongoing enhancements, ensuring your voice is heard.

Next-Generation Company Registry

The Government of The Bahamas, in partnership with BRAC Informatics Centre, launches **CARS Business**, empowering corporate service providers in The Bahamas with world-class digital services technology.
